2. Relationship to National Organisation

- a) Branch rules shall always be in accordance with national rules, decisions of the Scottish Council, and decisions of the Annual Delegate Conference and the NEC.
- b) Any member may have a copy of the current National or Branch Rule Book.
- c) The Branch shall make an audited annual return of branch income, expenditure, assets and liabilities as prescribed by the NEC and in accordance with national rules. (See Role of Branch Treasurer E.7)

3. Aims of the Branch

The aims of the branch shall be in accordance with the aims and values of UNISON as set out in the Rule Book and in this section of the Branch Rules.

4. Membership

- a) Eligibility for membership shall be in accordance with the Rules of the union.
- b) Applications for membership will be approved by a Branch Meeting, the Branch Committee or in urgent or exceptional circumstances, by the Branch Policy and Finances Committee or Branch Chairperson and Secretary. Applications for membership will take effect after such approval and from the date at which completed forms are received by the branch or at regional/national level and the first contribution is made.
- c) A meeting of the Branch or Branch Committee may decide not to support a membership application but such a decision must be consistent with the Rules and with Statute. Such a decision must be explained to the individual in writing, together with their rights of appeal.
- d) All members must comply with National and Branch Rules.
- e) The NEC may terminate an individual's membership in accordance with the Rules.

5. Conduct of Meetings

- a) All meetings will be conducted in a fair and democratic manner under the Branch Standing Orders.
- b) All meetings should be advertised widely as far in advance as possible as provided for in Branch Standing Orders.
- c) The procedures to be used at any meeting should be explained clearly.

- d) The Branch shall set a quorum for Branch Meetings, Branch Committee Meetings and any other meetings in the Branch as it considers appropriate.
- e) The Branch will maintain records of meetings, financial records, books of accounts and other appropriate records (as provided for in Branch Rules and Standing Orders) to enable the branch to function.
- f) If any member of a Branch Committee or sub-committee or Shop Stewards Committee has not attended for two consecutive meetings without submitting their apologies, the lead officer of that body shall contact them to ascertain if there is a problem. If they fail to attend a third consecutive meeting, it shall be reported to the constituency which elected them in order that it may consider the matter of absence and whether any action is required.

6. Respect

All UNISON members, regardless of their direct employer, occupation or background within the Trade Union movement, are to be valued for the skills, experience and diversity which they can bring to the branch.

7. Empowerment

All members should be encouraged to participate in their branch and measures must be put into place to redress the balance where there is under-representation. No member should be prevented from participation for financial reasons. Activists will be reimbursed by the branch on the basis of out of pocket expenses. Creches and/or carers allowances should be available for all meetings and for other duties.

Democratic decision making should be brought to the closest level to the members concerned. It also involves adequate staffing and resources to maintain an efficient membership record and distribution system.

8. Expenses

- a) Rates of expenses for members attending meetings on behalf of the Branch shall be agreed by the Branch AGM or Branch Committee via the Policy and Finance Committee.
- b) A creche will be provided for all major meetings in the Branch and carers allowance will be available to any member who has to arrange care for a child or adult dependant for any specific meeting.
- c) Rates of expenses will be based on the rates agreed by Scottish Council, with the following exceptions:
 - i) Lunch allowance within the City of Edinburgh will only be paid on leave days, or where lunchtime is

outwith the normal working day or for education courses where no lunch is provided.

ii) Car mileage allowance will only be paid where there is prior approval from the Branch Secretary or Treasurer

iii) Any taxi used must be with the prior approval of the Branch Secretary or Treasurer.

iv) Out of Pocket expenses shall be paid for Conferences and Education Courses where appropriate at rates to be decided from time to time by the Branch AGM or Branch Committee via the Policy and Finance Committee.

v) Carer costs will be paid on the basis of actual payments to carers.

9. Lay Control/ Accountability

The branch will be based on lay control and accountability of stewards, delegates and officers. Lay officials will control organisation, representation and negotiation. They will be accountable to the membership through a range of structures.

10. Partnership with Full Time Officers

The role of the full time officer will be that laid out in UNISON rules and procedures. The relationship should be one of partnership between the lay leadership and the professional role of the full time officer. The full time officer should be seen as a point of reference and organisational and professional support as and when requested by the branch.

11. Communication

a) Structures

Structures should be put in place to ensure good and regular communication with stewards and members. While it is recognised that face to face communication is the best way to report to and consult with members, this should be backed up by a regular branch magazine and newsheets as appropriate

b) Media Communications

Communications to the media on behalf of the Branch shall be made only by officer(s) authorised by the Branch Committee in terms of Branch Rule E.5 (Role of Branch Secretary) and Branch Rule E.13 (Role of Branch Communications Officer).

12. Membership/ Stewards

UNISON will be built from the membership with the emphasis on a Stewards System.

Such a system requires to be flexible and to be supported through access to advice and assistance from Branch Officers or more experienced Stewards. Further support should come from Education Programmes and regular communications from all levels of the union.

It must be emphasised the role of the Steward is

fundamental to the success of the organisation. The Steward is the link between the members and their union and should be responsible to and for a particular group of members and negotiate on behalf of this group and individuals within the group.

The efficiency of each Shop Steward will be determined by the extent to which each is prepared to commit themselves and the level of skills and knowledge they attain. It is imperative they be provided with access to support resources in terms of advice, assistance and training if the Branch is to provide the best possible representation for the members. Any structures put in place must facilitate the ready availability of the necessary resources.

While it is preferable for a Steward to represent an occupational group (eg Caretakers) the Stewards System must facilitate instances where more benefits can be accrued from Stewardship on a geographical basis (eg Decentralised Offices).

The City of Edinburgh Local Government and Related Sectors Branch of UNISON will provide representation for members working in a wide range of occupational groups.

There will inevitably be a great diversity in the requirements of and demands arising from members and groups and the Branch must be organised in a way which ensures these are addressed whilst maintaining the positive application of the principles of democracy and accountability. At the heart of the branch should be the principles of proportionality, fair representation and the fostering of functioning and accountable self organisation.

The various proposals in this document provide for decision making at the most appropriate level and ensures the co-ordinated involvement of Branch Officers and local Shop Stewards through a series of Committees and Branch Officer posts whose principal role will be to co-ordinate resources to maximise benefits for the membership.

13. Affiliations

- a) Affiliations to relevant constituency Labour Parties will be decided by the LabourLink membership.
- b) Affiliations to trade councils shall be determined by the Branch AGM or Branch Committee.
- c) Affiliations may be made to other organisations consistent with the national union's policies and rules.

14. Donations/ Sponsorships

- a) Donations shall be agreed by the AGM or Branch Committee in accordance with the union's policies and objectives and subject to the provision of national rule.
- b) Sponsorships may be agreed from time to time and will be considered only on the basis of criteria and guidelines as set out by the Branch Committee. (See *Appendix A*).

15. Annual Report

The Branch Secretary in conjunction with the Communications Officer will produce a report annually to be distributed and/or otherwise made available via electronic mail, website etc to members prior to the AGM. It will include:

- a) Reports on the year's work from all branch officers
- b) Financial Statement, Affiliations and Minutes of Branch Meetings

- c) Attendances at Branch Committees, Scottish Regional Council and Scottish Local Government Conference.
- d) A report on Branch activities during the year.

16. Honoraria

The branch will make an annual honoraria payment to the elected Branch Auditors within rules and procedures laid down by the NEC. The amount of honoraria for the previous year will be approved at the AGM but will be not less than £150 per auditor.

SECTION B. Structures

1. Branch Structure

- a) There will be an Annual General Meeting of the Branch to elect, or confirm the election by ballot of branch officers, approve members of the Branch Committee and deal with other business as outlined in Branch Standing Order 4 (Order of Business).
- b) Other general Meetings may be called by the Branch Committee or by 200 members of the Branch in terms of Branch Standing Orders 23, 24 and 25. (Other Branch Meetings).
- c) For the purposes of all calculations in these Rules, "Membership" will be defined as the figures and all breakdowns of those figures appearing as audited membership in the Annual Report for the immediately preceding year.
- d) The AGM will determine the basis of representation in the Branch and the number of stewards to be elected in each work group or workplace. The AGM may devolve some or all of its powers in terms of election of stewards to the Branch Committee, which in turn may devolve powers to Shop Stewards Committees under Branch Rules C.3 and C.4 (Workplace Meetings and Election of Stewards).
- e) The Branch shall keep bank/building society account(s) in the name of the branch under the direction of the Branch Treasurer in terms of Branch Rule E.7 (Role of Branch Treasurer).

2. Branch Audits

- a) To assist planning for proportionality and fair representation, the Branch Secretary and the Recruitment Officer will produce an annual audit of membership. This should, where possible, identify numbers of members who are women, part time or job share, shift workers, low paid workers (ie lowest subs band), General Grade workers based on the appropriate pay spine/scale, Craft, Chief Officer or any other conditions category.
- b) It should also identify, where possible, numbers of members who wish to be identified as lesbian, gay, bisexual and transgender members or black members or disabled and any other group the branch committee feels is necessary to be identified for the purposes of fair representation.

- c) Where systems do not exist for identifying such members, the Branch Committee should address ways of developing such systems.

3. Proportionality

The Branch is committed to achieving proportionality at all levels and to that end will promote the following measures:

1. We should not merely pay lip service to proportionality by setting up 'quotas' but address the organisation at all levels in the branch. the Branch commits itself to continually monitoring and developing structures to provide for proportionality. Proportionality at all levels will be reviewed annually.

2. a) Branch Delegations

There must be made at least 50% proportionality by ensuring that all delegations are elected on the basis of proportionality.

b) Sub Committees

Nominees from the Branch Committee must be elected via proportionality.

c) Branch Officers

Where there are assistant posts or two posts (eg vice-chairs) at least one incumbent should be a woman. Job share arrangements by consent of the parties involved and of the branch should be facilitated on the same basis.

d) Shop Stewards

Where there are two vice-conveners on Shop Stewards Committees, at least one should be a woman.

e) Departmental delegations to the Branch Committee must be elected on the basis of proportionality.

3. It is the ongoing objective of this Branch, to achieve proportionality at all levels, with progress being monitored and a programme for action determined by the Equalities Committee in conjunction with Stewards Committees.

4. Quorum

1. The quorum of a branch meeting shall be 200.
2. The Branch Meeting will not be the only way of consulting members. A range of structures including Departmental, Occupational Group, Workplace or

Geographical meetings are inherent in the structures depending on the issue. There should be ballots on major issues like pay.

3. The quorum of the Branch Committee, Branch Sub-Committees and Shop Stewards Committees shall be one-third of the relevant committee's membership.
4. Wherever "quorum" referring to membership of a body/ committee is referred to, it shall mean actual rather than potential membership.

5. Fair representation

The assumption throughout this document is that there should be fair representation of members conditioned to all categories and terms of conditions. Planned structures give equal status to all sets of conditions irrespective of numbers of members involved. Shop Stewards Committee delegations to the Branch Committee and Sub Committees must reflect all categories and terms of conditions of membership.

1. To facilitate these principles Deputy Co-ordinator posts will be established to recognise both General Graded posts and Craft posts supplemented by other Deputy Co-ordinator posts as agreed by a Branch Annual General Meeting
2. Work should continue to monitor fair representation and to develop methods of involving shift workers etc.
3. Fair representation for-black members, disabled members and lesbian, gay, bisexual and transgender members will be addressed by seats on the Branch Committee elected by the respective self-organised groups.
4. Shop Stewards Committees should attempt to reserve at least one of their Branch Committee delegation seats for a member paying the lowest subscription band.
5. Activists should be encouraged to become familiar with all sets of conditions and the requirements of individual occupational groupings both within their local workplace and elsewhere in the branch
6. In instances where an occupational group is based in

one department it will be the responsibility of that Shop Stewards Committee to ensure the members' interests are represented and protected. Where there is more than one department involved the responsibility to coordinate the representation and protection of members will lie with the Branch Committee. At all times actions and decisions will be in accordance with union policy.

6. Branch Employed Staff Structures

(a) Staffing Sub Committee

For all staffing policy matters except the consideration of individual or collective cases under the agreed staff Disciplinary and Grievance procedures, the Branch will establish a Staffing Sub Committee. This sub-committee will consist of the Branch Chairperson, Branch Secretary, Branch Service Conditions Coordinator (or nominee), Branch Treasurer, Equalities Officer and three members elected by the Branch Committee. - NOTE: In Recruitment and Selection processes a panel member must have evidenced they have gone through appropriate training.

(b) Staff Grievance and Disciplinary Appeals

(i) Staff Grievance and Disciplinary procedures will be those agreed from time to time with the staff trade union(s). These procedures will require clear lines for appeals purposes as follows.

(ii) The Branch President will provide a first line of appeal for staff grievance and disciplinary matters. The President may seek advice and assistance in this task from other branch officers.

(iii) As the ultimate line of appeal, the Branch will establish a **Staffing Appeals Committee** comprising the Branch Chairperson, Branch Equalities Officer and one member elected from the Policy and Finance Committee. The Vice Chairs will substitute for the Branch Chairperson if she/he has already been directly involved in the case in question.

(iv) The procedures for dealing with staff grievances and appeals will be those agreed with the staff trade union(s) from time to time.

SECTION C. Departmental Organisation

1. Preamble

In each department a UNISON Committee will be established consisting of all Stewards from that department.

The Committee will elect from its body a Shop Stewards Convener and a Vice Convener.

These elected posts represent the lead negotiator s within the department and will co-ordinate the activities of the union within that area. They would also participate in Departmental Joint Consultative Committees.

Other members of the Committee will adopt roles which reflect those services provided by Branch

Officers (e.g Education).

Whenever possible a parallel structure for Health & Safety Stewards will be put in place.

It is recognised that Health & Safety matters will on occasion overlap with Conditions of Service and as such all shop stewards should have at least a basic knowledge of Health & Safety requirements. It will be necessary, in certain instances, for shop stewards to also carry out the role of Health & Safety Steward.

Shop Stewards Committees may set up functional groups to reflect the divisions in the department or particular occupational groups.

Whilst the above outline is desirable it must be

stressed that it is open to amendment to suit Departmental needs with the approval of the Branch Committee or AGM.

NOTE: The term Department should be broadly interpreted to include sections and sectors like the Voluntary Sector.

In exceptional circumstances (e.g. illness or other mitigating circumstances), the Branch Committee may extend this timescale to a maximum of 9 months. In any case, once a Steward's accreditation has been ceased due to such training not being completed, they will not be eligible for re-election for a further 6 months.

GROUPED DEBATE

21 In the event of an election being required all nominees may submit biographical details (not

exceeding 250 words) which will be made available to all those taking part in the vote.

22 Voting on elections shall be by secret ballot.

STANDING ORDERS

23 Any one or more of these Standing Orders may be suspended at any meeting with the consent of not less than two thirds of the members present and voting.

OTHER BRANCH MEETINGS

24 Emergency Branch meetings may be called by either;

1) The Branch Committee or

Appendix A: Sponsorship

UNISON Scotland Sponsorship Policy Guidelines

1. Sponsorship means the provision of financial support to an organisation, project or event from which benefit to UNISON will be derived through linked publicity.
2. The linked publicity must give UNISON significant opportunities to explain the union's policies or to promote a good image of the union or of trade unions as a whole.
3. Applications should be channelled through the Regional Communications Officer and dealt with by the Communications and Campaigns Committee.
4. The Committee, advised by the Regional Communications Officer, will select projects for sponsorship so as to vary the types of sponsorship between the arts, sport and other activities, and, by monitoring them, build up experience and a clearer picture of the most suitable forms of sponsorship for UNISON.
5. In principle, UNISON will seek to be sole or principal sponsor of any project.
8. Priority will be given to the following two categories in selecting projects:
 - (a) those that extend access to disadvantaged or generally neglected minority groups
 - (b) those that might not happen without the sponsorship, but which are worth encouraging for social or general political reasons.
7. UNISON will not sponsor any service or activity that should by definition be paid for from public funds alone.
8. UNISON will not sponsor any organisation or project whose policies or contents are inconsistent with UNISON's policies.
9. When sponsorship is agreed, the benefits to be derived from it must be clearly stated in the agreement with the organisation being sponsored.
10. A sum will be provided for sponsorship in the Scottish Communications Estimates.
11. Branches will be encouraged to make some provision for sponsorships, as far as that is practical, in their communications planning and budgeting and to observe these policy guidelines in making sponsorship contracts.
